

# Characterization of CAR-transduced T cell cytotoxic potential

 vanaja konduri  William K. Decker

Updated date: May 17, 2021

 An abbreviated version of this protocol was published in Science Translational Medicine in May 2021  
A subset of cytotoxic effector memory T cells enhances CAR T cell efficacy in a model of pancreatic ductal adenocarcinoma  
DOI: 10.1126/scitranslmed.abc3196
